Personal.—Hon. J. M. Pipes, Secretary of State, is in the city, stopping at the Grand Hotel.

Fare Reduced.—The fare between this city and New York, via the Baltimore and Ohio Railroad, or the Pittsburgh route has been reduced to \$14.

Dismissed.—Judge Johnston had a man named James Leonard before him last evening, on a charge of wife-beating. The case was fully heard and the accused discharged.—the wife desiring to have the proceedings stopped.

Held to Bail.—Matthias Ellinger was before Judge Johnston at 2 o'clock yesterday afternoon, on a charge of assault and battery. The defendant was held to bail in the sum of \$300 for his appearance at the next term of the Circuit Court.

Dividend Declared.—A dividend of three per cent on the preferred, and one per cent on common stock of the Central Ohio Railroad Company, as re-organized, has been declared, payable either in Baltimore or Zanesville on and after 30 inst. (yesterday).

Board of Supervisors.—A special meeting of the Board of Supervisors is to be held this morning at 10 o'clock. The business of great importance to the interests of the city and county will be brought up for consideration. Let every member be on hand promptly.

Removed Robbery.—Considerable excitement was occasioned, last evening, on Main street, at the top of the hill, by a man under the influence of whisky securing another party of robbing him of five hundred dollars. Those who were acquainted with the circumstances, but little faith in the story; yet the rumor served to supply for a short time a demand for something new and exciting.

Post Office Items.—At Flat Rock, Marion county, James Salisbury has been appointed Postmaster, vice Philip McKinley, resigned; at Bruceton Mills, Preston county, A. S. Craig, vice John Collins, deceased.

The office at Huff's Creek, Logan county, has been discontinued. Papers should now be sent to Logan Court House. Also, the office at Dakah, Gilmer county. Papers should be sent to Glenville.

Death of an Old Citizen.—We regret to hear of the death of Mr. William Goodhue, one of the oldest and most highly respected citizens of Belmont county. This sad event occurred last Friday, at his residence, a short distance above Martinsville. Mr. G. was engaged in getting a log into his saw-mill to be cut into lumber, and was using a cant-hook for the purpose. While bearing with his whole force on the lever to which the hook was attached, it (the hook) gave way, throwing Mr. Goodhue to the ground with great force. He was so seriously hurt that death ensued in a short time.

West Virginia Teachers' Institute.—Arrangements have been made by which teachers and others who desire to attend the State Teachers' Institute to be held at Parkersburg, commencing on Tuesday 28th inst., and closing on Friday, July 1st, may make the round trip on the new steamer Express, for the sum of four dollars and fifty cents. This includes meals and lodging, going and coming.

During the session of the Institute the citizens of Parkersburg propose to entertain them in attendance without charge. The Express will leave Wheeling on Monday, 27th inst., at 11 o'clock, A. M.

A Good Arrangement.—The Street Railway Company has wisely determined to put a conductor on each of their cars. We are aware that this arrangement will add materially to the expense of operating the road, but it will insure greater safety and comfort to the traveling public. We believe that it never was the intention of the Company to dispense permanently with the services of these officers, but that it was a purely economic measure, to be in force only while the road was in debt. Now that the cost of construction, stock, &c., has been fully paid off, we feel quite confident that the re-introduction of conductors on the cars will be satisfactory to a majority of the stockholders.

Circuit Court.—This Court met at 9 o'clock yesterday morning, pursuant to adjournment.

Our report of Saturday's proceedings was incomplete as to the Cook habes corpus case. The arguments had not been concluded when we left the Court room. They were finished Saturday evening, and Judge Melvin reserved his decision. Yesterday morning he delivered quite a lengthy and very able opinion, reviewing the points raised, with great clearness and force, and announced as the result of his deliberations that the writ must be dismissed.

Alexander Carson a naturalized citizen of Ritchie Township, having lost his papers, made application to have them re-issued.

The motion to prohibit the Supervisors of the County purchasing the Female College to be presented to the State for a Deaf, Dumb and Blind Asylum, was partially argued at yesterday morning's session. A case set for trial in the afternoon interfered with its further hearing yesterday, but we presume the argument will be concluded today.

The case of Rhodes & Co. vs. Freese occupied the entire afternoon in the examination of witnesses, and speeches of counsel. It will be given to the jury this morning, after instructions by the Court. Adjourned until 9 o'clock this morning.

Securities Hurt.—Yesterday morning, William Paul, porter in the wholesale grocery of Messrs. H. K. List & Co., met with a severe accident. Mr. Paul was on the second floor of the building, engaged in sending down barrels of flour to the first, through the hatchway. While attaching the hooks to a barrel he lost his balance and was precipitated to the floor beneath—a distance of sixteen or eighteen feet. The left side of his head and shoulder struck first, cutting a frightful gash in the former and badly jamming the latter. It is not believed, however, that any bones were broken or dislocated. Drs. Hildreth and Frisell were immediately summoned. After dressing the wound and making the unfortunate man's condition as comfortable as circumstances would permit, an express wagon was procured and he was removed to his residence. His lower limbs are completely paralyzed, and it is feared that he sustained severe internal injury. Last evening he was suffering great pain, but his mind, which at first was somewhat disturbed, had recovered from the effects of the shock.

Police Court.—There was a grand turnout at the Police Court, yesterday morning. Business was decidedly brisk. Among the faces of those present, we noticed the old familiar phiz of Toby Vance. Now that there is a prospect of his enjoying the freedom of the city semi-occasionally, we shall expect affairs in police circles to wear a more cheerful aspect. This noted individual will hold a reunion at least every thirty days—the longest period His Honor can assign him to the chain-gang.

The following cases were disposed of: Sarah Richardson, on the streets for the purpose of prostitution, ten dollars and costs; James Ritchie, drunk, one dollar and costs; John Haley, drunk, (complicated), ten dollars and costs; Simon Rimer, indecent exposure of his person, five dollars and costs; Mary Hoce, tumult and disorder in Hardenstein's saloon, twenty dollars and costs.

Several of the foregoing parties were committed, but we made no note of their names, except in the last case mentioned. Toby, for the next thirty days, may be found during business hours, at his office in the stone-quarry on the hill-side.

Board of Regents.—An adjourned meeting of the Regents of the Institution for the Deaf, Dumb and Blind in this State, is to be held to-day. We are not informed when or where the Board will meet, but we presume in the parlors of the City Hotel, and at 10 o'clock, A. M. We were told, yesterday, that Mr. Dalley had kindly tendered the use of the rooms in which the former meetings were held.

Several members of the Board were in the city last evening; others will probably arrive this morning by the boat from Parkersburg, and train over the Baltimore and Ohio Railroad. There is scarcely a doubt of having a quorum at the first call of the roll.

The regular annual meeting of the Board will be held to-morrow.

Templars' Pic-Nic.—The Templars have chartered the Major Anderson and propose to go on a grand pic-nic to Crepsar's Grove on the glorious Fourth. The affair is in the hands of committees who know how to make arrangements for such occasions, and we feel confident that every necessary to make it a complete success will be provided. To go to the country and pass the day amid its quiet and beauty is certainly a more rational way of celebrating the Fourth of July than to remain in the heat, dust and noise of the city. Get ready to go.

A Novel Pic-Nic.—Last Saturday a number of ladies from the city went over to the grove near Martinsville and passed the day very exclusively. Not a representative of the male persuasion was present. Croquet was the prevailing game, but it lacked the interest given it by the presence of handsome, gallant young gentlemen. Under the circumstances, we do not believe (the ladies themselves being the judges), we would be justified in asserting that the affair was a grand success.

Pic-Nic and Festival.—E. G. Day's class of young ladies in Zane Street M. E. Sunday School, will hold a pic-nic and festival in the lot immediately in the rear of the Church, to-morrow (Wednesday) evening. Preparations have been made for a pleasant occasion, and we trust the anticipations of the young ladies will be fully realized. See advertisement.

Re-opening.—Aug. Hoff re-opened his Saloon, yesterday, with a free blow all around. An immense turtle was served in the shape of soup, which was pronounced a first-class article. Mr. Hoff's friends were in no force, but his supplies were equal to their demands.

Excursion, Yesterday.—The American Protestant Association in this city, and a goodly number of their friends, went on an excursion, yesterday, up the river. They had chartered the Major Anderson for the occasion, and that insured their comfort and safety on the trip. By the Steubenville Herald we learn that they were to go up to Wellsville, (taking with them the lodge at Steubenville) where they were to meet a lodge from Pittsburgh, and have a grand procession, speeches, &c. After these were over the whole party was to return to Mingo and have refreshments, and then return to Steubenville. Whether this extensive programme was carried out, or not, we are not informed.

Lynch Law in South Wheeling.—The most commendable administration of lynch law we ever heard of was that recently applied to a worthless canine down in South Wheeling. A party of young men in that place organized themselves into a Vigilance Committee, and dealt out summary justice to a savage dog by hanging him. They let his body suspended to the limb on which he expiated his crimes and general worthlessness, as a terror to the hundreds of other equally pestiferous curs which infest that neighborhood. If we knew the names of the Committee we would publish them, and urge that each member be presented with a medal.

Case Not Made Out.—Christian Cristo had more faith in the truthfulness of the reported robbery referred to in another paragraph, than the individual from whom we derived our information of the alleged occurrence. Christ went before Esqr. Gillespie and made complaint that W. James Johnson and John Hayes had wrongfully got possession of five hundred dollars of his money. The parties were brought up for examination, but the testimony failed to make out a case. They were thereupon discharged.

Masonic Pic-Nic.—The advertisement of the picnic under the auspices of the Masonic fraternity, on the 24th inst., appears in another column. We refer our readers to it for particulars. Two bands of music will be present. Refreshments can be had on board the boat. The affair promises to be a grand one. Be on hand promptly, Friday morning.

Official Philibotony.—One of the Police officers was compelled to give an example of his skill in blood letting, yesterday, while conveying a refractory prisoner to the lock-up. We thought we never saw the operation of phlebotomy more scientifically and effectually performed.

Good Report.—The following communication was received yesterday, and in the hope that it may encourage other pupils to make a good record for themselves we give it place in our columns:

Mr. Estroff.—An inspection of the monthly reports of teachers in the Bridgeport (Ohio) schools, for the year closing on the 31st inst., discloses the fact that we have two pupils who have been neither absent from school nor tardy during the entire year. Their names are Lizzie Woods, of District B, taught by Miss Callender, and Gertrude Henry, of District C, taught by Miss Evans. The promptness, punctuality and industry of those pupils entitle them to the particular notice of the Board of Education. It is hoped that their excellent example may prompt many of their young companions to "go and do likewise."

Gravel and Cement Roofing.—George Cumberbuck would inform the public that he is still engaged in the Gravel Roofing business, and that he is prepared at any time to put on roofs, either large or small, at the shortest possible notice, guaranteeing his work for a term of years. He has now been engaged in the business for seven years past, and his work has outlived a half dozen other Patent Roofs. The demand for his work is increasing from year to year. He put on during the past year 1,500 squares of his roofing in this city, which has given satisfaction in every respect. Address him through the Post Office, or call at his brick-yard, head of Lindsey street. All orders will be attended to promptly.

The Prettiest Woman in New York.—Miss K—, well known in our fashionable society for her *distingue* appearance and beautiful complexion, was once a sorrow, rough-skinned girl, chagrined at her red, freckled face. She pitched into Hagan's Magnolia Balm, and is now as pretty in complexion as she is charming in manners. This article overcomes freckles, tan, sallowness, moth-patches, ring-marks, etc., and makes one look ten years younger than they are. Magnolia Balm for a transparent complexion, and Lyon's Kathalron to make the hair plentiful, luxuriant, soft and delicate, and have no rivals. The Kathalron prevents the hair from turning gray, eradicates dandruff, and is the best and cheapest dressing in the world.

Economical Housekeeping.—We have now before us a circular published by the Sea Moss Farine Company, which we advise every one who takes an interest in the food question to read. It describes, concisely, the origin and uses of the edible Sea Moss Farine, and presents an array of scientific and other testimony in its favor which can hardly fail to convince the most skeptical of its paramount claims as an economic, wholesome, digestible, eminently nutritious, and very pleasant addition to the national *coste*. This at least is the conclusion at which many of the most eminent hotel-keepers, artistic cooks, physicians, chemists, merchants, &c., of New York, have arrived, and they state their opinions, over their own signatures, in the pamphlet to which we allude. jun18 ed&w

Premature Loss of the Hair.—Which is so common nowadays, may be entirely prevented by the use of Burnett's Cocaine. It has been used in thousands of cases where the hair was coming out in handfuls, and has never failed to arrest its decay, and to promote a healthy and vigorous growth. It is the only hair restorative as a dressing for the hair. A single application will render it soft and glossy for several days.

From Norfolk Daily Journal, Dec. 11, 1869. KOSKON.—This medicine is rapidly gaining the confidence of the people, and the numerous testimonials of its virtues, given by practitioners of medicine, leave no doubt that it is a safe and reliable remedy for IMPURITY OF THE BLOOD, LIVER DISEASE, &c.

The last Medical Journal contains an article from Prof. H. S. Newton, M. D., President of the E. Medical College, City of New York, that speaks in high terms of its curative properties, and gives a special recommendation of Koskon to the practitioners of medicine. This, in our belief, is the first instance where such medicines have been officially endorsed by the Faculty of any of the medical colleges, and reflects great credit upon the skill of Dr. Lawrence, its compounder, and also puts "Koskon" in the van of all other medicines of the present day. d&w
